An unforgettable novel from one of America's greatest living storytellers, (Summerland) is about redemption and the true nature of heroism. From the Pulitzer Prize winning Michael Chabon comes this bestselling novel for readers of all ages that blends fantasy and folklore with that most American coming-of-age ritual: baseball.
In a new edition, with an original introduction by the author. Ethan Feld is having a terrible summer: his father has moved them to Clam Island, Washington, where Ethan has quickly established himself as the least gifted baseball player the island has ever seen. Ethan's luck begins to change, however, when he is recruited to play on a team consisting of the island's forty-five-year-old weekly crossword puzzlers, and when an adventure in the local woods has him meeting the mysterious Eggsy, an ancient god who called the Summerlands. But this beautiful, winter-less place is facing destruction at the hands of the villainous Coyote, and it has been prophesized that only Ethan can save it. In this cherished classic modern, the New York Times bestselling, Pulitzer Prize winning author brings his masterful storytelling, dexterous plotting, and singularly envisioned characters to a coming-of-age novel for readers of all ages.
Summerland: As if Alfred Hitchcock had made a movie with HP Lovecraft . . . A vision so original it deserves its own subgenre. And all worked out with the diamond-hard logic of a great SF writer. After Summerland, the thriller has a new geometry.
